INDEX OF SUBJECTS AND AUTHORS

Acid-base condition in tuberculosis, 400
Acid-fast bacilli, Chromogenic, 385
Acid-fastness of acid-fast bacilli, Contribution to the study of, 294
Actinomyces in chronic bronchopulmonary infections, 322
Adenomatosis, Pulmonary, 281
Age specific susceptibility to tuberculosis, 389
Air embolus in pneumoperitoneum, 621
Aluminum therapy (editorial), 659
—— in advanced silicosis, 557
America, South, Tuberculosis in, 129
American Association for Thoracic Surgery (report of meeting), 18
AMERICAN TRUDEAU SOCIETY:
Report of the Arizona Trudeau Society, 184
Report of the California Trudeau Society, 184
Report of the Eastern Section of the American Trudeau Society, 185
Report of the Florida Trudeau Society, 185
Report of the Illinois Trudeau Society, 188
Report of the Indiana Trudeau Society, 190
Report of the Trudeau Society of Los Angeles, 191
Report of the Massachusetts Trudeau Society, 191
Report of the Michigan Trudeau Society, 192
Report of the Minnesota Trudeau Medical Society, 192
Report of the Mississippi Valley Trudeau Society, 193
Report of the Missouri Trudeau Society, 195
Report of the South Carolina Trudeau Society, 196
Report of the Southern Trudeau Society, 197
Report of the Texas Trudeau Society, 197
Report of the Wisconsin Trudeau Society, 198
Committee appointments for 1947–1948, 200
Postgraduate courses in thoracic diseases, 204
Present policy of the American Trudeau Society on BCG vaccination, 543
Streptomycin panel discussion at annual meeting in New York, 433
ANDERSON, R. J., AND FETHKE, NORBERT. Chemistry of the lipids of tubercle bacilli,
LXXIV. A contribution to the study of acid-fastness of acid-fast bacilli, 294
Antibiotic and chemotherapy of tuberculosis, 35
Antireticular cytotoxic serum in pulmonary tuberculosis, Treatment with, 489
